OBJECTIVE

I am a budding ML Engineer who's passionate about Deep Learning and Data Science. I am always looking for opportunities to utilize my skills and knowledge on real - world tasks and upskilling myself in the process.

EDUCATION

B.Tech CSE (Specialization in AIML), Jain(Deemed-to-be University) Expected 2025

Class 12, Chavara Public School 2020-2021

SKILLS

Technical Skills Deep Learning, Machine Learning, Python, Computer Vision, MySQL, Java, JavaScript

Soft Skills Communication, Problem Solving, Teamwork, Interpersonal Skills

Languages English, Malayalam, Hindi

EXPERIENCE

Intern in Artificial Intelligence 05/23 - 06/23
Corizo

Intern in Full-stack Development 06/23 - 07/23
Capabl

PROJECTS

Image Generation GAN: Image Generation GAN leverages Generative Adversarial Networks (GANs) on Fashion MNIST data to produce realistic fashion images, showcasing the power of deep learning in generating synthetic data with high fidelity and diversity.

Resume Analyzer: A project that utilizes Natural Language Processing techniques to parse and analyze resumes, extracting key information such as skills, experience, and qualifications, streamlining the recruitment process with efficiency and accuracy

Real-time Face and Eye Detection: A powerful computer vision project that utilizes advanced algorithms to detect and track faces and eyes in real-time video streams.

CERTIFICATIONS

Micrsoft Azure AI Fundamentals
